

## **Revolution Church Is Joining Pantano Christian Church**

We just opened the new Student Union, and we continue to find ways to make room for even more. Revolution Church is joining Pantano to advance a kingdom movement. This journey has been born out of a ten-year relationship of trust between Pastor Glen and Pastor Josh Reich, the Lead Pastor at Revolution. God has been at work to bring together two churches with a shared vision and values to have a greater kingdom influence. We have a parallel purpose and a common mission.

We believe that we will more effectively bring the love of Jesus to our city by multiplying healthy, life-giving churches. We believe Revolution and Pantano are better together. As one church in multiple locations, Revolution will become the next campus of Pantano to be known as the Pantano Southeast Campus. Revolution is a healthy church that will immediately contribute to the mission of Pantano.

### **Who initiated this?**

Over the last year, Pantano has been preparing to start new campuses. When Josh learned of this, and after a time of prayer, he initiated the conversation with Glen, asking if Pantano would consider Revolution joining them and becoming their Southeast Campus.

### **Why?**

The leaders of both churches believe that Revolution and Pantano are better together. We can reach more people, have more impact and effectiveness in our city by working together instead of separately. This idea has been confirmed again and again for leaders of both churches throughout this process.

## **What does multisite mean?**

In the past, we have planted several independent churches. However, we are now becoming a multisite church that is one church that meets in multiple locations. Pantano Christian Church now includes the East Campus (1755 S. Houghton Rd.), the Southeast Campus (Revolution Church meeting at Empire High School) and the Online Campus. All campuses of Pantano share the same vision, mission, values, and beliefs while factoring in uniqueness required by the venue. Each physical campus will have live preaching and live worship, great kids, students and groups ministries, and local/global outreach. There will be one elder team as a multisite church.

## **What will the process look like and include?**

The process of Revolution Church joining Pantano will culminate on January 5th, 2020. The Revolution name, branding, and names of ministries will change to line up with Pantano. The Revolution staff and finances become a part of Pantano on September 29th, the same day that the teaching series topics will align. Additional transitional changes will be occurring over the next few months.

## **Which campus should I choose?**

You can stay where you are, or you can move to the new campus. If you would like to serve in a mobile church to get trained as a “missionary” to help us launch the next campus after our Southeast Campus, then this is an excellent option for you. Or maybe you live closer to the Southeast Campus, and you think it would be easier to invite your neighbors to join you there. Or perhaps you would just like a smaller venue! Regardless of your reason, by attending and serving at the Southeast Campus, you’ll still be a part of Pantano and the good work we are doing in our city!

Pastor Glen is asking those at the East Campus to consider attending and serving at the Southeast Campus. Check it out and see if that campus might work well for you and your family. Contact our new Campus Pastor Josh at [jreich@pantano.church](mailto:jreich@pantano.church).
