

THE CHAPARRO QUINTERO FAMILY

ABOUT DORA ELENA

PANTANO

Dora Elena moved with her family from Hermosillo to Puerto Peñasco when she was just 10 years old. Dora is a single mother to Alexander and Angel, her 4 year old twins, and Dharany who is a year old. The twin's father, Luis Javier was killed in a car accident just months after the boys were born. Four years later, Dora was in a relationship with Dharany's father, but they have since separated, leaving Dora on her own to care for her children.

Dora currently lives with her parents and works with her father selling corn. Her parents do what they can to help support her.

Dora has her own land lot in San Rafael, but she is completely without the means to be able to build a home on her own. A house from 1MISSION would allow Dora to have a place of her own where she can focus on caring for her young children and work towards a more secure future for her family.
